Shropshire Building Control

Fire Safety Conference 2018

FIRE SAFETY CONFERENCE 20TH SEPTEMBER 2018.

EVENT INFORMATION

Welcome and Introduction

The conference will provide you with the latest on developments following the Review of the Building Regulations undertaken by Dame Judith Hackett's and the crucial information and best practice on the key areas of focus for fire safety and building safer futures.

Who is the event aimed at?

The event is aimed at all parties who are involved in Fire safety at design stage or throughout the life of the Building and will be of particular interest to some of the following;

Building Surveyors	Estate agents
Building Control Surveyors	Estate managers
Public Protection Officers	Commercial and residential property owners
Fire risk managers	Landlords
Property insurers	Timber frame manufacturers
Fire Safety officers	Product manufacturers and suppliers
Fire risk assessors	Building contractors
Architects	Property surveyors

Venue

The event is will be held in the Arthur Rowley Lounge and players bar at Shrewsbury Town Football Club. Shrewsbury Town Football Club is less than one mile from the A5 link to the M54, and with over 600 free car parking spaces.

Montgomery Waters Meadow, Oteley Road
