30th January 2019

Our Ref 1070997-06-SITP

Dear Sir/Madam

SITP Pride Hill, Shrewsbury – Public Realm Improvements 2019

Work to upgrade and enhance Shrewsbury's Pride Hill will re-start on Monday 11th February.

The work will be completed by McPhillips (Wellington) Ltd, whose locality and previous experience will allow the successful delivery and completion of the works, to the required and expected standard.

The works will start from the Butcher Row junction down to High Street, first closing the pavement on the Butcher Row side of the road with access provided to all businesses. Once this has been completed, work will start on the opposite side of the road, before finishing with the middle.

No through traffic (or delivery vehicles) will be permitted within the working areas and as such the road will be closed from High St to Butcher Row.

Pedestrian access will be maintained to properties and businesses at all times, with temporary pedestrian walkways being implemented where required. The contractor will have pedestrian marshals on-site to assist with enquiries and access arrangements for deliveries during the construction works

The Pride Hill work is part of a programme of enhancement works in Shrewsbury town centre being carried out as part of the Shrewsbury Integrated Transport Package (SITP), and aims to make a positive and consistent change to the quality of the public realm within Shrewsbury town centre.

It is anticipated that these works will take approximately 3 months to complete, with further remedial works being carried out to the top section once these are completed, and the street furniture being will installed.

Further information and updates about the work and the Shrewsbury Integrated Transport Package can be found at www.shropshire.gov.uk/sitp.

As usual with works of this nature, there will be some disruption whilst the works are undertaken, however every effort will be made to minimise this where possible. We thank you for your understanding regarding this matter.

If you require any further information please contact the above telephone number or email address.

Yours faithfully

Matt Johnson
Strategic Transport and Contracts Manager
