Quality Questions/ Scoring Scheme

Questions within the quality sections shown above will be scored using the following scoring scheme. Each answer from the questions identified below will be given a mark between 0 and 10 with the following meanings:

Assessment	Mark	Interpretation
Excellent	10	<i>Exceeds the requirement. Exceptional demonstration by the Tenderer of how they will meet this requirement by their allocation of skills and understanding, resources and quality measures. Response identifies factors that demonstrate added value, with evidence to support the response.</i>
	9

Response identifies factors that demonstrate added value, with evidence to support the response.</i>

	3	
Serious Reservations	2	<i>Satisfies the requirement with major reservations. Considerable reservations regarding how the Tenderer will meet this requirement by their allocation of skills and understanding, resources and quality measures, with little or no evidence to support the response.</i>
	1	
Unacceptable	0	<i>Does not meet the requirement Does not comply and/or insufficient information provided to demonstrate how the Tenderer will meet this requirement by their allocation of skills and understanding, resources and quality measures, with little or no evidence to support the response.</i>

The use of odd numbers indicates an answer's allocated mark lies between definitions.

The tender receiving the highest initial mark for Quality Criteria overall will receive the full 400 marks available for Quality. Other tenders will receive a final mark that reflects the final % difference in the initial marks between those tenders and the tender receiving the highest initial mark for Quality overall.

Price Evaluation and scoring

Price Q1.1

This will be evaluated by using a 0-10 marking scheme. The lower the on cost tendered the higher the mark will be allocated.

Price Q1.2

This will be evaluated by using the 0-10 marking scheme. The higher percentage tendered, the higher the mark will be allocated.

Price Q1.3

This will be evaluated by using the 0-10 marking scheme, the lower the delivery cost and minimum order value tendered the higher the mark will be allocated.

Price Q1.4

This will be evaluated by using the 0-10 marking scheme described on page 6, the longer the price firm given the higher the mark will be allocated

Price Q1.5

This will be evaluated by using the total costs per pack tendered in Section C, question 1.5 'Pricing Schedule' multiplied by the approximate annual usage (based on the usage information contained in the pricing schedule) and totalled to give an overall basket cost. The most competitively priced tender will receive the maximum mark for price being **500. Less competitive tenders** will receive a % of the maximum mark that represents the difference in cost between that tender and the most competitively priced tender.

If Bidders are providing costs for different pack sizes to those stated that they **MUST** provide a unit cost for the pack size stated within the pricing schedule rather than their own pack size.

You must provide a price against all products listed on the pricing schedule – if you fail to provide a price for any of the products the highest tendered price received for that product will be inserted and used for evaluation purposes.

The Authority reserves the right to reject any organisation from the tender exercise where the tenderer fails to provide prices for the majority of items within the product list

Final scores for Price, Quality and Site Visits will be added together to give the final overall score.

Validating Prices and overall cost tendered:

Please note any contract awarded at the conclusion of this procurement process must be able to viably operate and be sustainable. Tendered prices and overall costs will therefore be subject to scrutiny, and may be rejected if considered by Shropshire Council not to be sustainable over the duration of the contract or not to be affordable. Clarifications sought may require the provision of the tenderer's calculations of their tendered Prices or any other aspect of the overall cost.

Failure to provide satisfactory evidence to support any part of this aspect of the tender may result in the tender being rejected.

Council not to be sustainable over the duration of the contract or not to be affordable. Clarifications sought may require the provision of the tenderer's calculations of their tendered Prices or any other aspect of the overall cost. Failure to provide satisfactory evidence to support any part of this aspect of the tender may result in the tender being rejected.

SECTION B

Standard Selection Questionnaire

Potential Supplier Information and Exclusion Grounds: Part 1 and Part 2.

The standard Selection Questionnaire is a self-declaration, made by you (the potential supplier), that you do not meet any of the grounds for exclusion. If there are grounds for exclusion (there is an opportunity to explain the background and any measures you have taken to rectify the situation (we call this self-cleaning). For the list of exclusion please see

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/551130/List_of_Mandatory_and_Discretionary_Exclusions.pdf

A completed declaration of Part 1 and Part 2 provides a formal statement that the organisation making the declaration has not breached any of the exclusions grounds. Consequently we require all the organisations that you will rely on to meet the selection criteria to provide a completed Part 1 and Part 2. For example these could be parent companies, affiliates, associates, or essential sub-contractors, if they are relied upon to meet the selection criteria. This means that where you are joining in a group of organisations, including joint ventures and partnerships, each organisation in that group must complete one of these self-declarations. Sub-contractors that you rely on to meet the selection criteria must also complete a self-declaration (although sub-contractors that are not relied upon do not need to complete the self-declaration).

When completed, this form is to be sent back to the contact point given in the procurement documents along with the selection information requested in the procurement documentation.

Supplier Selection Questions: Part 3

This document provides instructions on the selection questions you need to respond to and how to submit those responses. If you are bidding on behalf of a group (consortium) or you intend to use sub-contractors, you should complete all of the selection questions on behalf of the consortium and/or any sub-contractors.

If the relevant documentary evidence referred to in the Selection Questionnaire is not provided upon request and without delay we reserve the right to amend the contract award decision and award to the next compliant bidder.

Consequences of misrepresentation

If you seriously misrepresent any factual information in filling in the Selection Questionnaire, and so induce an authority to enter into a contract, there may be significant consequences. You may be excluded from the procurement procedure, and from bidding for other contracts for three years. If a contract has been entered into you may be sued for damages and the contract may be rescinded. If fraud, or fraudulent intent, can be proved, you or your responsible officers may be prosecuted and convicted of the offence of fraud by false representation, and you must be excluded from further procurements for five years.

Notes for completion

1. The "authority" means the contracting authority, or anyone acting on behalf of the contracting authority, that is seeking to invite suitable candidates to participate in this procurement process.
2. "You" / "Your" refers to the potential supplier completing this standard Selection Questionnaire i.e. the legal entity responsible for the information provided. The term "potential supplier" is intended to cover any economic operator as defined by the Public Contracts Regulations 2015 (referred to as the "regulations") and could be a registered company; the lead contact for a group of economic operators; charitable organisation; Voluntary Community and Social Enterprise (VCSE); Special Purpose Vehicle; or other form of entity.
3. Please ensure that all questions are completed in full, and in the format requested. If the question does not apply to you, please state 'N/A'. Should you need to provide additional information in response to the questions, please submit a clearly identified annex.
4. The authority recognises that arrangements set out in section 1.2 of the standard Selection Questionnaire, in relation to a group of economic operators (for example, a consortium) and/or use of sub-contractors, may be subject to change and will, therefore, not be finalised until a later date. The lead contact should notify the authority immediately of any change in the proposed arrangements and ensure a completed Part 1 and Part 2 is submitted for any new organisation relied on to meet the selection criteria. The authority will make a revised assessment of the submission based on the updated information.
5. For Part 1 and Part 2 every organisation that is being relied on to meet the selection must complete and submit the self-declaration.
6. **Note for Contracting Authorities: The following paragraph is optional for inclusion if a decision has been made to request a self-declaration of the exclusion grounds from sub-contractors. All sub-contractors are required to complete Part 1 and Part 2¹.**
7. For answers to Part 3 - If you are bidding on behalf of a group, for example, a consortium, or you intend to use sub-contractors, you should complete all of the questions on behalf of the consortium and/ or any sub-contractors, providing one composite response and declaration.

The authority confirms that it will keep confidential and will not disclose to any third parties any information obtained from a named customer contact, other than to the Cabinet Office and/or contracting authorities defined by the regulations, or pursuant to an order of the court or demand made by any competent authority or body where the authority is under a legal or regulatory obligation to make such a disclosure.
