June 2022

# Shropshire SEND Local Offer

- Local Offer – We now have a video and an easy read document explaining what the local offer is... also other promotional materials here:
- <https://shropshire.gov.uk/the-send-local-offer/about-the-send-local-offer/promotional-materials/>
- We continue to collect parental feedback on the EHC process and the AR. We used to only provide the links in letters to parents but there is now a feedback section on the SEN Team page of the local offer. Can schools please direct parents to the links and encourage parents to provide feedback at the end of each annual review meeting.

## GSP

The SEN team are currently working with reduced capacity and are required to prioritise their statutory responsibilities around EHCPs.

There is therefore a backlog in processing GSP requests.

The SEN team will do their best to clear this backlog as soon as possible.

Funding will be back dated to when the request was presented to panel.

We appreciate your desire for a response but ask that you are patient during this period. Having to respond to additional requests for updates, outcomes etc. adds to the workload and further delays the team's ability to process the requests.

# Talkboost

- Collect Talkboost KS1 and KS2 resources from Shropshire Library Services – Shirehall.

# THE KEYSTONE ACADEMY

Core purpose - to help vulnerable learners to become a success in today's modern world.

SEMH specialists

- 2 Alternative Provisions
- 2/3 SEMH specialist SEND academies

Cheshire / Shropshire

## At Keystone Academy we:

- educate pupils **aged from 4 -16** who have Education Health and Care Plans with identified Social, Emotional, Mental Health **(SEMH)** and **neurodivergent needs**.
- follow a thematic, broad and balanced curriculum, aiming to inspire lifelong learners who are well prepared for their future beyond school and that enables them to progress towards high quality **destinations**.
- offer a **blended** academic, vocational and therapeutic **curriculum** personalised to the needs of each student.
- have **class sizes** no larger than **10**
- focus on developing **skills for life**, at all ages and stages. This includes:
  - Enabling proficiency in key literacy and numeracy skills
  - Developing resilience and nurturing personal, social and emotional skills
  - Promoting independence
  - Providing a broad curriculum that enables the highest academic attainment to support chosen post-16 pathways

## Placement Criteria and Pupil Profile

---

Pupils accessing a placement at The Keystone Academy will have an Education Health and Care Plan with identified social, emotional and mental health need(s) with the addition of neurodivergent needs and / or associated diagnosis.

## Social, Emotional and Mental Health:

---

- Our pupils can regulate themselves in structured and some unstructured situations with significant effort or adult support
- Some pupils may require specific support to develop their resilience and prevent self-harming or self-destructive behaviours
- Our pupils can be enabled to manage their emotions to maintain socially appropriate behaviour and communication in a range of situations and settings
- Our pupils may have mental health diagnoses such as anxiety and depression.

## Neurodivergent needs:

Our pupils will have neurodivergent needs / diagnoses that *impact on their capacity to be successful within mainstream education*. These may include, but are not limited to:

- Identified social, communication and interaction needs, including Autism Spectrum Condition
- Other neurological conditions e.g. Tourette's Syndrome / Attention Deficit Hyperactivity Disorder / Attention Deficit Disorder

## **Cognition & Learning:**

- Our pupils have various neurodivergent learning needs requiring additional support and adapted approaches enabling them to access and engage with the broad and balanced curriculum offer.
- Our pupils are broadly of average cognitive ability
- Some pupils may have specific learning difficulties (SpLD) requiring a differentiated and adapted curriculum to meet their learning need.
- Some pupils may have a diagnosed speech, language and communication need

## **Physical & Sensory:**

- Our pupils are independent regarding their intimate and personal care.
- Our pupils may have sensory need(s) that may require specialist adaptation, support or resourcing.

## **Social Communication & Interaction:**

- Our pupils can interact successfully in social situations with significant effort and adult led structure.
- Our pupils, with access to appropriate information and strategies, aspire to be independent, fully functional members of society.

# SEND Review

March 2022

 HM Government

**SEND Review:**  
*Right support  
Right place  
Right time*

 HM Government

**Opportunity for all:**  
*strong schools with great  
teachers for your child*

## We propose to:

review and **update the SEND Code of Practice** to ensure it reflects the new national standards to promote nationally consistent systems, processes and provision

The review has identified 3 key challenges facing the SEND and alternative provision system.

1. Navigating the SEND system and alternative provision is not a positive experience for too many children, young people and their families.
2. Outcomes for children and young people with SEND or in alternative provision are consistently worse than their peers across every measure.
3. Despite the continuing and unprecedented investment, the system is not financially sustainable.

“...the review has identified there is significant inconsistency in how needs are met. Decisions are too often made based on where a child or young person lives or is educated, not on their needs.”

Despite an increase of 41% in HN funding over the last 3 years children with SEN are not receiving delivering a consistently good quality provision.

There isn't 'one' reason for the continued challenges – very much a shared responsibility across multiple agencies.

## Our overall aim is to:

Create a more **inclusive education system** with excellent local mainstream provision which will improve the experience and outcomes for children and young people with special educational needs and those who need alternative provision.

### SEND Review:

Right support  
Right place  
Right time

Improved provision – lead to a rise in expected standards

## An inclusive education system - The Schools White Paper

- A vision of the school system in which every CYP can fulfil their potential, supported by an excellent teacher, high standards of curriculum, behaviour and attendance, backed by high-quality targeted support for those that need it.
- *“We believe that, with excellent teaching and improved identification of need in **inclusive educational settings**, fewer children and young people will need additional interventions as they will be getting the support they need as part of high-quality teaching within the classroom.”*

Emphasised that the **National Standards** are central to the proposals within this Green Paper

Ensuring greater consistency across local areas also acknowledges local variation in outcomes

## Key proposals (I) – SEN and AP Green Paper

- **Consistent national standards** will facilitate a more inclusive system, with more CYP able to have their needs met in high-quality mainstream provision with high aspirations, a confident and expert workforce and access to high-quality targeted support as needed.
  - How needs should be identified and assessed
  - Appropriate provision to be made available for different types of need
  - Standardised processes for accessing and reviewing support
  - Standards for co-producing and communicating with children, young people, parents and carers
  - Standards for transition

What key factors should be considered when developing national standards to ensure they deliver improved outcomes and experiences for children and young people with SEND and their families? This includes how the standards apply across education, health and care in a 0-25 system

New local SEND partnerships to create, own and implement inclusion plan

## Key proposals (II) – SEN and AP Green Paper

- Establish new **local SEND partnerships**, bringing together education, health and care partners with local government to produce **a local inclusion plan** setting out how each local area will meet the national standards for provision, processes and systems

How should we develop the proposal for new local SEND partnerships to oversee the effective development of local inclusion plans whilst avoiding placing unnecessary burdens or duplicating current partnerships

Particularly beneficial for schools close to borders/LAC who may be dealing with EHCP's from different LA's

## Key proposals (III)

A new simplified, standardised and digital approach to Education, Health and Care Plans

- Mandating the use of **local multi-agency panels** in the EHC needs assessment process
- **Standardising EHCPs** to ensure consistent access to specialist provision
- **Digitising EHCPs** to reduce bureaucracy

What components of the EHCP should we consider reviewing or amending as we move to a standardised and digitised version?

HN and School budget increases.

Inline with other NPQ's

## Excellent provision from early years to adulthood

- Increase the total investment in schools budgets by £7b by 2024-25, with an **additional £1b** in 2022-23 for high needs
- Consult on introducing a new **SENCo National Professional Qualification** (NPQ) for school SENCos
- Increase the number of staff with an **accredited Level 3 SENCo qualification** in early years settings

To what extent do you agree or disagree that we should introduce a new mandatory SENCo NPQ to replace the NASENCo?  
*Strongly Agree, Agree, Neither Agree or Disagree, Disagree, Strongly Disagree*  
– If you selected Disagree or Strongly Disagree, please tell us why.

- Commission analysis to better understand the support that  CYP with SEND need from the **health workforce**

## Improve mainstream provision through excellent teacher training and development

- **Initial Teacher Training (ITT)** - framework sets out a minimum mandatory entitlement for all trainee teachers with mentoring in supporting pupils with additional needs
- The **Early Career Framework** includes training on identifying pupils who need new content further broken down
- A reformed suite of **National Professional Qualifications (NPQs)** for teachers and leaders, designed to help the teaching profession ensure they support all pupils to succeed in both mainstream and specialist settings
- Establish an **Institute of Teaching** which will become England's flagship teacher development

## Excellent provision from early years to adulthood

- Fund up to than 10,000 **additional respite placements** through an investment of £30m
- £82m to create a network of **Family Hubs**
- Invest **£2.6 billion to deliver new places** and improve existing provision for CYP with SEND or who need AP
- Invest £18m over the next 3 years to build capacity in the **Supported Internships** Programme
- Improve transitions at FE by introducing **Common Transfer Files** alongside piloting the roll out of adjustment passports

“...take the support to the child rather than taking the child to the support.”

83% of children within AP have SEN

## A reformed and integrated role for alternative provision (AP)

- Local SEND partnerships to deliver an AP service
- Focus on early intervention
- LAs to create an alternative-provision-specific budget
- A bespoke performance framework for AP, focused on progress and re-integration into mainstream
- A clear, tiered package of support from AP
  - 1. Targeted support** for children in mainstream;
  - 2. Time-limited placements** in AP with a return to original school;
  - 3. Transitional placements** for children to transition to a different school or to a suitable post-16 destination.
- A call for evidence on the use of unregistered provision
- More children and young people will remain in mainstream schools, improving their experience, wellbeing, and outcomes

## Accountability, system roles, funding reform (I)

- Deliver **clarity in roles and responsibilities** with every partner having a clear role to play, and having the levers to fulfil their responsibilities
- **DfE's new Regions Group** to take responsibility for holding LAs and MATs to account for delivering for SEND
- Provide **statutory guidance to Integrated Care Boards (ICBs)** to set out clearly how to discharge their SEND statutory responsibilities
- Ofsted/CQC to deliver an **updated Local Area SEND Inspection Framework**

## Delivering change for children and families

- Publish a national SEND and AP delivery plan – setting out our response to this Green Paper and how reforms will be implemented
- Establish a new National SEND Delivery Board to bring together national delivery partners across education, health and care and hold them to account

What will make the biggest difference to successful implementation of these proposals?

What do you see as the barriers to and enablers of success?

## Summary - An inclusive education system: The Green Paper

- The Review has heard that we need a more inclusive system in order to ensure that CYP with SEND are set up to thrive and are prepared for adulthood.
- We will set out a well-designed delivery programme with a clear roadmap for improvement that stabilises the system in the immediate term and delivers the necessary culture change to build an inclusive system in the longer term.
- Our proposals respond to the need to restore families' trust and confidence in an inclusive education system with excellent mainstream provision that puts children and young people first.
- We aim to ensure that children and young people receive the Right Support, in the Right Place, at the Right Time.

# Consultation Deadline

## Overview

The government has published a green paper on the future of the special educational needs and disabilities (SEND) and alternative provision (AP) system and is undertaking a public consultation on the green paper's proposals.

## Supporting resources

There are resources available to help you understand the proposals on GOV.UK, including:

- A British Sign Language (BSL) version of the green paper
- An easy-read version of the green paper summary
- A guide to help children and young people with SEND or those in alternative provision

# **Speak out. Stay safe programme**

## **The UK wide and local picture**

**In February 2020, we reached our goal of delivering *Speak out. Stay safe.* into 90% of primary schools across the UK.**

**Since the programme launched in 2011, we have reached 21843 schools at least once across 215 LEAs.**

**In 2019-20 we reached 1.67m children across 7,391 primary schools (UK wide) with our programme.**

**In 2021 -22, our virtual *Speak out. Stay safe* programme reached a total of 894,184 children with delivery in 3,823 schools**

# Speak out. Stay safe. online

We have created an online programme that can be accessed and delivered in the classroom.

## Our programme helps children:

- understand abuse in all its forms and recognise the signs of abuse.
- understand that abuse is never their fault, and they have the right to be safe.
- know how to get help, and the sources of help available to them, including our Childline service.

To support with the delivery of the online assemblies we have a webpage which hosts:

- An introductory film talking through the resources.
- A summary document of assembly content.
- A letter for parents/carers.
- Feedback surveys.
- Supporting resources to use *before* the online assemblies (KS2 only) and *after* for both key stages.

with Buddy  
Name: \_\_\_\_\_

Buddy is a friendly, green speech bubble – because he believes that children should be able to speak out if something is making them worried or unhappy.

**Buddy's seaside shapes**

Buddy has gone on a day out to the seaside and he is very busy looking for 20 different shapes. Can you help him? Look for the shapes in the picture and when you find them:

- Colour the 5 stars in yellow
- Colour the 5 circles in green
- Colour the 5 triangles in red
- Colour the 5 squares in blue

How many shapes did you find?

I found \_\_\_\_\_ stars

I found \_\_\_\_\_ circles

I found \_\_\_\_\_ triangles

I found \_\_\_\_\_ squares

Well done! Now finish colouring in Buddy and your beautiful seaside picture.

**NSPCC** EVERY CHILDHOOD IS WORTH FIGHTING FOR

**Buddy wants children to know who to talk to if they have a worry or feel sad.**

Which trusted grown-ups might it be good for Buddy to talk to?

In the boxes below, write or draw some of the trusted grown-ups you could talk to if you were ever feeling worried or sad.

**Buddy has his own special zone on the Childline website. It's called the Buddy Zone.**

There are lots of fun games on there, and you can build your own Happy Place, where you get to design your dream room. Buddy's room has lots of chocolate fountains and mirror balls in it. You can put anything in your dream room.

Draw your own Happy Place in this box and 'don't forget to choose some wallpaper!'

**out of school**

Remember Buddy's always online too. Children on his line always feel sorry for him. Can you write a message to tell him how you feel about him?

Slow return as we have a new way of working – volunteer-led workshops

Content of workshops:

- Recap from the KS2 assembly
- OK / Not OK (sexual abuse) activity

- Neglect activity
- Speak out. Stay safe kits
- Recap and close

# Speak out. Stay safe. SEND programme for Year 5 upwards

**6 session flexible programme** to help your pupils understand what abuse is and provide them with strategies to keep themselves safe - including trusted adults

- Materials intended for children with moderate learning disabilities, autism spectrum conditions or other additional learning needs
- Schools with pupils with severe, complex and profound disabilities have successfully adapted and delivered the programme
- Programme is delivered by school staff with our support

# PSHE Association

Each session has a summary sheet with overall learning outcomes, a lesson plan with session aims and objectives, a power point, a list of resources, scripts for stories and additional activities to support learning.

The programme fits with the PSHE SEND framework.
