- **9.5.3** the disclosure is made for the sole purpose of obtaining legal advice from external lawyers in relation to the procurement or to any Contract(s) which may arise from it; or
- **9.5.4** the Tenderer is legally required to make such a disclosure.
- 9.6 The Council may disclose detailed information relating to the Invitation to Tender to its officers, employees, agents, professional advisors or Governmental organisations and the Council may make any of the Contracts and procurement documents available for private inspection by its officers, employees, agents, professional advisors, contracting authorities or Governmental organisations.

- In certain circumstances, and in accordance with the Code of Practice issued under section 45 of the Act, Shropshire Council may consider it appropriate to ask you for your views as to the release of any information before we make a decision as to how to respond to a request. - 10.3 If, at any stage of this tendering process, you provide any information to

Shropshire Council in the expectation that it will be held in confidence, then you must make it clear in your documentation as to the information to which you consider a duty of confidentiality applies. The use of blanket protective markings such as "commercial in confidence" will no longer be appropriate and a clear indication as to what material is to be considered confidential and why should be given.

- 10.4 Shropshire Council will not be able to accept that trivial information or information which by its very nature cannot be regarded as confidential should be subject to any obligation of confidence.
- 10.5 In certain circumstances where information has not been provided in confidence, Shropshire Council may still wish to consult with you as to the application of any other exemption such as that relating to disclosure that will prejudice the commercial interests of any party. However the decision as to what information will be disclosed will be reserved to Shropshire Council.

For guidance on this issue see: http://www.ico.gov.uk

11.0 <u>Disqualification</u>

- 11.1 The Council reserves the right to reject or disqualify a Tenderer's Tender submission where:

doing or having done or causing or having caused to be done in relation to any Tender or proposed Tender for the services any act or omission; or

- 11.3 The Council reserves the right to disqualify an Applicant from further participating in this procurement process where there is a change in the control or financial stability of the Tenderer at any point in the process up to award of a contract and such change of control or financial stability has a materially adverse effect on the Tenderer's financial viability or ability to otherwise meet the requirements of the procurement process.

12.0 <u>E-Procurement</u>

As part of its procurement strategy Shropshire Council is committed to the use of technology that can improve the efficiency of procurement. Successful Tenderers may be required to send or receive documents electronically. This may include purchase orders, acknowledgements, invoices, payment advices, or other procurement documentation. These will normally be in the Council's standard formats, but may be varied under some circumstances so as not to disadvantage small and medium suppliers.

13.0 Award of Contract

13.1 Award Criteria

The Award Criteria has been set out within the Tender Response Document accompanying this invitation to tender. The Council is not bound to accept the lowest or any Tender.

13.2 Award Notice

The Council will publish the name and addresses of the successful Tenderers in the Official Journal of the European Union (OJEU) where appropriate. The Contracting Authority reserves the right to pass all information regarding the outcome of the Tendering process to the Office of Fair Trading to assist in the discharge of its duties. Shropshire Council cannot give any guarantee in relation to the value of this contract to be awarded under this framework arrangement. Additionally, there is no guarantee that an individual framework supplier will be awarded any business under this agreement.

15.0 Acceptance

- 15.1 Tenders must be submitted strictly in accordance with the terms of the Council's Invitation to Tender documentation and acceptance of the tender shall be conditional on compliance with this Tender Condition.
- The Tender documentation including, the General and Special Terms and Conditions of Contract, the Tender Response document, these Instructions to Tender, together with the formal written acceptance by the Council will form a binding agreement between the Contractor and the Council. If accepted, the Contractor will form part of a framework of service providers of Flooring Services who will be asked to quote as appropriate for various flooring throughout the duration of this framework arrangement. Once a quotation is accepted, an individual contract will be formed which will be subject to the terms of the documents described above.
- Please note, if accepted onto the framework, the prices tendered by you will be used as a benchmark against the prices you quote for flooring services. If it is found your quoted prices consistently exceed the range of prices tendered, you may be removed from the framework arrangement. Allowances will be made when benchmarking, for inflation and general increases/decreases in market prices.
- All successful Tenderers accepted onto the framework will be required to work to strict quality standards and deadlines, as detailed in individual purchase orders, failure to meet such quality standards or deadlines will result in a breach of a condition of contract and remedies will be sought, as appropriate, by the Council.
- 15.5 Please also note that the Council will monitor the quality of work supplied and delivery of such work under the framework and reserve the right to remove any successful Tenderer from the framework where they fail to meet reasonable standards in these areas.
- 15.6 The Tenderer shall be prepared to commence the provision of the supply and services on the start date of the framework arrangement being 1st April 2012.

16.0 Payment Terms

Tenderers should particularly note that the principles governing public procurement require that, as far as is reasonably possible, payments for Goods, Works or Services are made after the provision. Therefore any indication of a pricing strategy within a Tender which provides for substantial payments at the outset of the Contract will be examined carefully to decide whether or not a Tender in such form can be accepted. If in the opinion of the Council such substantial payments appear excessive in relation to the requirements of the Contract the Council reserves, without prejudice to any other right to reject any Tender it may have, the right to require the Tenderer to spread such proportion of the costs as are considered excessive over the duration of the Contract.

17.0 Liability of Council

- 17.1 The Council does not bind himself to accept the lowest or any tender.

Unacceptable	o	Does not meet the requirement Does not comply and/or insufficient information provided to demonstrate how the Tenderer will meet this requirement by their allocation of skills and understanding, resources and quality measures, with little or no evidence to support the response.

The use of odd numbers indicates an answer's allocated mark lies between definitions.

The tender receiving the highest mark for each category will receive the full % available for that category. Other tenders will receive a % that reflects the difference in the marks between those tenders and the tender receiving the highest mark for that category.

Price Evaluation and scoring

The most competitively priced tender will receive the maximum mark for price being **600**. **Less competitive tenders** will receive a % of the maximum mark that represents the difference in cost between that tender and the most competitively priced tender.

Price will be evaluated in two elements of equal weighting:

- 1. By the average day work rates and the average overtime rates tendered in question 1.3, Section H of the tender response document. The day work rates will be weighted 3 with the overtime rates weighted 1.
- 2. By the standard material percentage to be added on to materials tendered in question 1.3, Section H of the tender response document. This will be marked out of 300.

These criteria are not listed in any particular order.

Price Evaluation and scoring

The most competitively priced tender will receive the maximum mark for price being **600**. Less competitive tenders will receive a % of the maximum mark that represents the difference in cost between that tender and the most competitively priced tender.

Price Evaluation and scoring

The most competitively priced tender will receive the maximum mark for price being **600**. **Less competitive tenders** will receive a % of the maximum mark that represents the difference in cost between that tender and the most competitively priced tender.

Price will be evaluated in two elements of equal weighting:

- 1. By the average day work rates and the average overtime rates tendered in question 1.3, Section H of the tender response document. The day work rates will be weighted 3 with the overtime rates weighted 1.

In fact, safer and more efficient working practices can save money and greatly improve working conditions for employees. Shropshire Council is committed to promoting safe and proportionate working practices to companies as it recognises the benefits this can bring for companies competing for business both for local authority contracts and elsewhere.

Quality Questions/ Scoring Scheme

Questions within the quality sections shown above will be scored using the following scoring scheme. Each answer from the questions identified below will be given a mark between 0 and 10 with the following meanings:

Assessment	Mark	Interpretation
Excellent	10	Exceeds the requirement. Exceptional demonstration by the Tenderer of how they will meet this requirement by their allocation of skills and understanding, resources and quality measures. Response identifies factors that demonstrate added value, with evidence to support the response.
	9	
Good	8	Satisfies the requirement with minor additional benefits Above average demonstration by the Tenderer of how they will meet this requirement by their allocation of skills and understanding, resources and quality measures. Response identifies factors that demonstrate added value, with evidence to support the response.
	7

	1	
Unacceptable	o	Does not meet the requirement Does not comply and/or insufficient information provided to demonstrate how the Tenderer will meet this requirement by their allocation of skills and understanding, resources and quality measures, with little or no evidence to support the response.

The use of odd numbers indicates an answer's allocated mark lies between definitions.

The tender receiving the highest mark for each category will receive the full % available for that category. Other tenders will receive a % that reflects the difference in the marks between those tenders and the tender receiving the highest mark for that category.

Price Evaluation and scoring

The most competitively priced tender will receive the maximum mark for price being 600. Less competitive tenders will receive a % of the maximum mark that represents the difference in cost between that tender and the most competitively priced tender.

Price will be evaluated in two elements of equal weighting:

- 1. By the average day work rates and the average overtime rates tendered in question 1.3, Section H of the tender response document. The day work rates will be weighted 3 with the overtime rates weighted 1.
- 2. By the standard material percentage to be added on to materials tendered in question 1.3, Section H of the tender response document. This will be marked out of 300.

Quality Questions/ Scoring Scheme

Questions within the quality sections shown above will be scored using the following scoring scheme. Each answer from the questions identified below will be given a mark between 0 and 10 with the following meanings:

Assessment	Mark	Interpretation
Excellent	10	Exceeds the requirement. Exceptional demonstration by the Tenderer of how they will meet this requirement by their allocation of skills and understanding, resources and quality measures. Response identifies factors that demonstrate added value, with evidence to support the response.
	9	
Good	8	Satisfies the requirement with minor additional benefits Above average demonstration by the Tenderer of how they will meet this requirement by their allocation of skills and understanding, resources and quality measures. Response identifies factors that demonstrate added value, with evidence to support the response.

	1	
Unacceptable	0	Does not meet the requirement Does not comply and/or insufficient information provided to demonstrate how the Tenderer will meet this requirement by their allocation of skills and understanding, resources and quality measures, with little or no evidence to support the response.

The use of odd numbers indicates an answer's allocated mark lies between definitions.

The tender receiving the highest mark for each category will receive the full % available for that category. Other tenders will receive a % that reflects the difference in the marks between those tenders and the tender receiving the highest mark for that category.

Price Evaluation and scoring

The most competitively priced tender will receive the maximum mark for price being **600**. **Less competitive tenders** will receive a % of the maximum mark that represents the difference in cost between that tender and the most competitively priced tender.

Price will be evaluated in two elements of equal weighting:

- 1. By the average day work rates and the average overtime rates tendered in question 1.3, Section H of the tender response document. The day work rates will be weighted 3 with the overtime rates weighted 1.
- 2. By the standard material percentage to be added on to materials tendered in question 1.3, Section H of the tender response document. This will be marked out of 300.

In fact, safer and more efficient working practices can save money and greatly improve working conditions for employees. Shropshire Council is committed to promoting safe and proportionate working practices to companies as it recognises the benefits this can bring for companies competing for business both for local authority contracts and elsewhere.
