Hi,

Please find comments below from Ludlow Town Council's Representational Committee meeting on 5th April 2011 regarding the Community Infrastructure Levy:

R/96 grants, PLANNING, TRANSPORT, PARKING & PATHS

**(d) Community Infrastructure Levy: Final Draft Charging Schedule
RESOLVED (unanimous)**

To make the following comments on the Final Draft Charging Schedule:

In their analysis of the document, members commented that the language and phrasing in some sections of the document notably points 3.2; 4.4 and 4.6 is imprecise and unnecessarily wordy.

Members concluded that they are in favour of financial contributions being made in a regulated and accountable way to assist with adequate provision of infrastructure and services in Ludlow.

Kind regards,
Gina
